Dear Mr. Hatton:

I have been intending to drop you a note to thank you for the beautiful brochure "Please Open The Door", which was so beautifully done by you. Had I known you were so competent an artist, as exemplified by this fine brochure, I would have written you sooner and called attention to it at our Banquet.

I know that our Board of Directors and the members of the Junior Citizens Corps are appreciative of your fine artistry.

I would think it would be appropriate and helpful not only to you, but to the community, if the advertisers and business people knew of the type of work you are doing.

If I can be of help to you at any time, please call on me.

Sincerely yours,

Dear Mr. Conway:

I have been thinking to drop you a note
to thank you for the beautiful message
"Please Give Me Back", which was so beautiful
and so true. I know you were
so concerned and excited, as expressed by
this little program. I would have wished
you would have called attention to it at
the time.

I have been very proud of the success and the
growth of the United States Corps and
the effectiveness of your fine activity.
I would like to think it would be appropriate and
timely to say to you, but to the community,
it is the community and the people know
of the type of work you are doing.
It is also of help to you at any time, please
call me.

Sincerely yours,
